Collage Materials

Materials you can use to make a collage can be found everywhere!

1. In the table below, write a list of materials Jeannie Baker uses in *Playing with Collage*.
2. Think of some other materials you could use to make a collage and add them to the table.

Paper	Out in Nature	On the Beach	In the Kitchen	Other Materials

Name _____

Collage Materials Checklist

It's amazing what you can use to make a collage! Try to collect as many materials as you can from the list below.

Remember:

- Never pick up anything that looks sharp or dangerous.
- Always ask permission before taking flowers or leaves from someone's garden.
- Only collect bark that is on the ground – if you peel bark off a tree, you could harm the tree.
- Don't take anything from a National Park – it's important to keep the animals' habitats as they are.
- Be creative and have fun!

Leaf	Business Card	Something Red	A Drawing	Something Rough
Flower	Wrapping Card	Something Blue	Photo From a Magazine	Something Smooth
Bark	Tissue Paper	Something Black	Part of a Newspaper	Something Shiny
Feather	Photo	Something White	Part of an Ad	Something with a Nice Smell
Onion Skin	Sponge	Something Green	Something Made of Metal	Something Made of Cardboard
Button	Ribbon	Something Purple	Something Round	Something You Can Eat
Bottle Top	Wool	Something Pink	Something Bendy	Something Translucent (This Means You Can See Through It)
Lolly Wrapper	String	Something Orange	Something Square	Something Smaller Than 1cm x 1cm
